Onions, Corn, and Peppers

3 tablespoons vegetable oil
1 onion, chopped
1 green pepper, coarsely chopped
1 red pepper, coarsely chopped
1 1/2 cups canned whole corn kernels
1 teaspoon salt

Heat oil in a pan. Add salt. Add onion, and cook, stirring, until onion becomes clear. Add the peppers, and cook until they turn a little dull in color (about 5 minutes). Stir in the corn, and heat through.
